THROUGH : Chief, Requirements Branch, Reconnaissance Group, CGS

FROM : Chief, CIA/PID (NPIC)

1. This memorandum is in response to the referenced requirement requesting 8 x 10 prints from recent Golden Tree Missions of power plant at Cienfuegos O'Bourke, Punta Martillo, Nuevitas, Tallapiedra, and Regla.

2. Attached please find four time (4x) enlargements of the following thermal power plants: Cienfuego O'Bourke at 220930N - 802711W (Figure 1), Tallapiedra at 230729N - 822132W in the city of Havana (Figure 3), Regla No. 1 at 230745N - 822020W in the city of Havana (Figure 4), and Regla No. 2 at 230830N - 821933W in the city of Havana (Figure 5).

3. No power plant was observed on Punta Martillo (221015N - 762515W) which is a marsh area not ideally suited for power plant construction. The area between Niquero and Campechuelo along the coast was also searched without results.

4. Figure 2 is an area of unidentified construction activity near Nuevitas at 213320N - 771410W. Construction has not progressed sufficiently to determine if this is a power plant under construction.
